CABINET DES CURIOSITÉS

Also crazy about vintage? Then we certainly advise you to have a look at “Cabinet des Curiosités” collection. In order to obtain this interesting interior, you have to comply with a number of rules: make sure you place a cupboard with many different compartments in the centre of your house. Preferably in black (or with black accents). Then, you should not forget the globes, in which you can present lots of old and unique items. Everything here revolves around displaying your treasures! *Go and fill your own museum!*

NGORONGORO LODGE

Enjoy a relaxed atmosphere in a colonial setting where you can let your creativity run wild. Complete your book at an inviting desk or create pure poetry while dreaming away on a beautiful rattan chair. Decorate a few transparent vases with green treasures you found on your last outdoor walk. The chic black and white colour combination allows you to combine endlessly with natural materials such as some driftwood “masterpieces”. Add a final green touch with an impressive Strelitzia plant. *Create the things you wish existed!*

VIOLET AMBITION

Are you also living your life in colours? Then choose for the theme that “Violet Ambition” radiates. Purple combined with soft beige and caramel shades are the hit of the season. Add accents in a soft nacre colour, especially on the wall you can apply a magnificent mirror or a beautiful set of 3 wall objects with lilac shades. These details complete the picture. Nothing can get between you and your purple interior!
